TO RSVP!

## An Informational Evening on Crafting the Future Workforce

You are invited to an exclusive evening when community and industry leaders will come together at Bendix Academy to explore solutions for advancing workforce development and experience our new Toolmanship Mentoring program.

This intimate gathering will feature inspiring keynote speakers, dynamic conversations, and strolling hors d'oeuvres. The event is designed to spark dialogue, foster partnerships, and highlight how Bendix Academy is preparing the next generation for skilled trades and mechanical self-reliance through our **pre-workforce development curriculum for teens and pre-teens**.

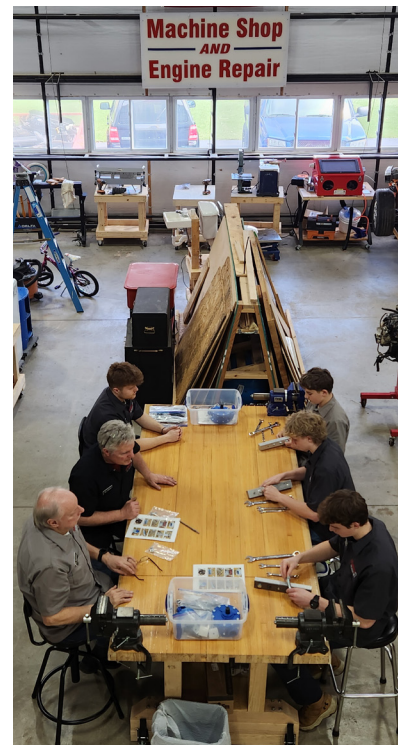

### Evening events include:

**Network with like-minded leaders** who share a commitment to equipping our youth with problem-solving skills, confidence, and hands-on experience.

**Witness the Bendix Academy toolmanship mentoring program** and discuss its impact and position in future workforce development solutions.

**Hear from respected local industry authorities** who will speak to the workforce challenges facing our local community our nation at large.

Participation is limited to 40 guests. Please RSVP here, and share this with others who may have a vested interest in this event.
